Parent Interviews 2020

Due to Covid 19 restrictions we will not be hosting our normal Parent-Teacher interviews this term. Instead the teachers (P1-6) will send home a written update to let you know how your child is progressing in school. This written feedback will be sent home to each family, inside your child's school bag, during the week commencing 7 December 2020. If your child is absent from school during this week we will hold the written note for your child until the following week. Any remaining in school at the end of term will be posted.

Mathletics for Classes P4-6

The Mathletics November Numeracy Challenge 2020 will be running 16-22 November for children in P4, P5 and P6.

Please get your child to login to this website as much as possible during this week and complete as many activities as possible to earn points for their class. They can compete against schools across Europe, UK, Middle East and Asia. Last year we made it to the Hall of Fame Top 10 schools and we are aiming to maintain this brilliant result. 10 points are awarded per correct answer within the curriculum activities and 20 points per correct answer within a Topic Test. Within the Mathletics Curriculum a maximum of 300 points can be earned by completing activities in the 'learn' area of the student console and in 'Live Mathletics'. This is to encourage students to attempt a wide range of activities.
